

## Simeon Care for the Elderly CoS application . Volunteer Role

To live with, and provide caring support and companionship to elderly residents in Simeon Camphill Community, thus contributing to our charitable purpose in supporting older people to live an active, meaningful and purposeful life in a community of care. Our purpose may be illustrated by the quote from Jonathan Swift %May you live all the days of your life.+ Volunteers achieve this aim by helping residents to live an active and fulfilled life, full of meaning and purpose to the end; and joining in all aspects of community and home life. Volunteers are not filling a temporary or permanent position, their volunteer services are above and beyond the core work carried out by the employed workforce, and their role focuses on enhancing the wellbeing and quality of life of our residents.
